OFFICE OF LEGISLATIVE COUNSEL

TUESDAY - 4 SEPTEMBER 1959

25X1

2. Talked with Harold E. Merrick on the staff of Senate Appropriations Committee who is travelling with Senator John Stennis. I explained to Merrick that I had invited Senator Stennis to meet with Agency officials abroad and receive such a briefing as time would permit. It was made clear to Merrick that he was included in this invitation. Merrick stated that the trip is postponed temporarily pending Senate adjournment. It was agreed I would attempt to see Merrick prior to his departure.

3. Talked with Al Westphal, House Foreign Affairs Committee staff, and reminded him of Edna Kelly's comments of several weeks ago concerning CIA investigation of Americans abroad. Westphal thought it would probably not serve a useful purpose for the Agency to contact her at this time. However, he agreed to attempt to draw her out on this subject during the course of their forthcoming trip to Europe.

4. The office of Mr. McCabe at the White House telephoned to have Legislative Counsel attend a meeting in Mr. McCabe's office on Wednesday, 9 September, at 3 o'clock regarding Senator Jackson's Subcommittee.
